

Superscrape™ Washing Instructions

Recommended for

Superscrape™
Superscrape Signature™
Superscrape Impressions™

No.	Process	Comments	Time	Water Level	Temperature
1.	Flush		2-3 Min.	High	Cold
2.	Break	Optional	5-10 Min.	High	49°C
3.	Rinse		2 Min.	High	Cold
4.	Rinse		2 Min.	High	Cold
5.	Drain		2 Min.	None	None

Additional Recommendations

1. Break should not exceed pH of 9,5; use low pH non-ionic detergents
2. Lay mats flat following removal from washer
3. Mats do not require extracting or drying (no extensive mechanical action necessary)
4. Allow Mats to cool before rolling
5. If mats are not dried, final rinse can be increased to 49°C. This will reduce moisture retention following extraction
6. Main purpose is to dissolve and remove grease residues from the mats
